### ITEM DESCRIPTIONS:

Most all items available in 5 gallon pails upon request to stock

#### SANKLOR

EPA REGISTERED  
 12.5% sodium hypochlorite solution for sanitation of nonporous surfaces and for disinfection of drinking water.

#### Aqua Suds:

Strong wetting and detergent forces, combined with special grease-dissolving agents to assure complete soil displacing and sheet rinsing. Powerful grease dispersing power, yet mild to the skin. Provides a high suds level.

#### LOW-TEMP RINSE AID

A low temperature rinse additive. Provides exceptional water sheeting qualities for streak-free and spot-free rinsing. For use in low temperature machines only.

#### FLASH DRI

Designed specifically to accelerate sheet rinsing of glass, plastic and metal surfaces to eliminate water spotting. Thoroughly wets the cleaned surface removing last traces of soil and reducing interfacial tension, to provide a foamfree sheet rinse. A final rinse product for industrial as well as food processing equipment and mechanical dishwashing installations. For use in high temperature machines only.

#### KLORO-SHEEN

A chlorinated machine dishwashing detergent, destainer. This low foam formula leaves dishes, glasses and flatware sparkling. For use in high or low temperature machines. No pre-dissolving or caking problems.

#### Oven Aid Grill & Oven Cleaner

A heavy duty cleaner-degreaser that is safe to use on most surfaces. Excellent degreaser for concrete and cement floors. Diluted it can be used to clean the outside of vehicles before waxing or repainting. Use full strength for white wall tires. Works well on the inside too! Cleans rugs and upholstery interiors.

#### PINE & DEODORANT CLEANER

Cleans fast and leaves a bright sheen on all non-porous surfaces and fixtures. Deodorizes by eliminating disagreeable odors and imparts a lingering fragrance of pine.

#### Ultra Solv Heavy Duty Concentrated Degreaser

A heavy duty cleaner-degreaser that is safe to use on most surfaces. Excellent degreaser for concrete and cement floors. Diluted it can be used to clean the outside of vehicles before waxing or repainting. Use full strength for white wall tires. Works well on the inside too! Cleans rugs and upholstery interiors.

#### PEARLLESCE LOTION HAND CLEANER

A safe, non-irritating pearlised cleaner that leaves hands smooth and soft. Contains no petroleum or other water-insoluble solvents. Can be used with water or as a waterless hand cleaner. Fast acting with a pleasant aroma.
